KATSU-AN's Promise of Quality

Japanese Rice

The rice served at Katsu-an is 100% harvested in Japan. It has the right balance of stickiness and firmness as the grains retain their individual shape well, with a fluffy texture and carries a gentle natural sweetness. The plump, steamed rice pairs perfectly with crispy tonkatsu.

Cabbage

Freshly shredded in-store every day for exceptional crunch. Enjoy the freshness and light, crisp texture in every bite. The perfect partner for our signature tonkatsu.

Aged Chilled Pork Loin

Australian pork loin is aged slowly at low temperatures for 14 days or more. The extended aging process tenderizes the meat and draws out the pork's natural umami. We use carefully selected Australian pork loin that is juicy & richly flavored.

Fragrant Breadcrumbs

Each cut of pork is hand-breaded in the restaurant to preserve its flavor. By using fresh breadcrumbs that are lightly roasted and coarsely ground, we create a crispy texture and an appetizing aroma.

Fresh Eggs

We are committed to the quality and freshness of the eggs used for our tonkatsu and katsudon. Each egg is carefully cracked in store to preserve its natural flavor.

Over 50 Stores Across Japan

Katsu-an has expanded to over 50 stores across Japan from Hokkaido to Okinawa Islands in the south. Our mission is to introduce Katsu-an's specialty katsu all over the world, starting from Singapore.

Two Signature Sauces

Original Sauce

A special sauce blended with 19 ingredients, including vegetable extracts, fruit extracts, and spices.

Apricot Sauce

A fruity, sweet-and-tangy sauce with a refreshing aftertaste that complements the natural flavor of tonkatsu.

100% Vegetable Oil

We use vegetable oil which allows the natural flavors of the pork to shine through. Our cutlets are fried till crispy outside, while retaining the juiciness.
